- **Project Planning and Execution:** Simplified complex client specifications into logical project plans, ensuring timely delivery while meeting all requirements.

08/2022 – 09/2023
Shibabad, India

Software Engineer

SBC Exports Ltd 🔗

- Worked with business logic as per application requirements.
- Designed and developed targeted solutions to meet bespoke project briefs.
- Completed thorough debugging and validation on produced code and corrected errors to improve functionality, performance, and security.
- Produced and managed product data reports, code repositories, and documentation.
- Produced prototype to demonstrate core functionality at various development stages.

02/2022 – 05/2022
Gurugram, India

Software Engineer Intern

Indigo-Interglobe Aviation Ltd 🔗

- The project involves managing the users' details commonly for various custom Web Apps. I worked on the same project under the supervision of his mentor to add a new feature called "My Applications".

🧠 Skills

JavaScript, ReactJs, ReduxJs, Redux Toolkit, NodeJs, ExpressJs, MongoDB, HTML, CSS, Bootstrap, Tailwind CSS, Material UI, Git Hub, AWS

Projects

10/2023 – present

America's Finest Maintenance

Tech Stack:

Node.js | Express | JavaScript | MongoDB | React | Redux | HTML/CSS | AWS | Model-View-Controller (MVC)

Responsibilities:

- **App Development and Maintenance:** Spearheaded the development and maintenance of the Americas Finest Maintenance app, employing a comprehensive tech stack including Node.js, Express, JavaScript, MongoDB, React, Redux, HTML/CSS, AWS, and Model-View-Controller (MVC) architecture.
- **Feature Implementation:** Successfully implemented diverse functionalities within the app, encompassing product management, client management, payment gateway integration, Afmx Membership, Career & Employment modules, and real-time weather display.
- **Utilization of MongoDB:** Leveraged MongoDB extensively for efficient data storage and retrieval, ensuring optimal performance and scalability of the application.
- **User Authentication and Authorization:** Implemented robust user authentication and authorization protocols using JSON Web Tokens (JWT), enhancing app security and user privacy.
- **Collaborative Team Efforts:** Collaborated closely with cross-functional team members, ensuring seamless integration and timely delivery of new features and updates.
- **Task Planning and Prioritization:** Engaged with project managers to plan and prioritize tasks, ensuring alignment with project goals and timelines.

Certificates

ReactJs:

- **HackerRank:** React (Basic) It covers topics like Basic Routing, Rendering Elements, State Management (Internal Component State), Handling Events, ES6 and JavaScript and Form Validation.

Javascript:

HackerRank: It covers topics like Design Patterns, Memory management and event loops, among others.

Education

07/2019 – 07/2022

BCA In Bachelor Of Computer Application

CCS University

Scored 65%

Ghaziabad, India
